I have served as a deputy to General Convention four times, and currently serve on the Standing Commission for Governance, Structure, Constitution, and Canons as a representative of the President of the House of Deputies. I am on the steering committee of the Acts 8 Movement, which promotes evangelism and discipleship in the Episcopal Church, including through social media. I served on my community's City Council, while also having numerous civic and diocesan leadership roles. I believe that our church is well poised to be able to share the good news of Jesus through community engagement, justice initiatives, and new church plants. As a member of Executive Council, I would work for a more effective budget process with increased budget transparency, as well as focusing resources on new ministry initiatives, especially within Hispanic and other minority communities.
